## The Story

Magic law is a newly established practice for judging and punishing the increasing crimes committed by spirits, those who use it are called "practitioners"

Not only do Muijo and the gang succeed in rescuing Judge Inui and Rio from the clutches of Ark, but it is revealed that Tielu himself orchestrated Rio's induction turn to forbidden magic law. At Eiko's urging, Rio is welcomed back into the Association. Meanwhile, Page learns from Isaki that the key of Passage—the key to defeating Tielu—can be found somewhere in the M.L.S. Page calls off the assault on Ark's Walling Vale headquarters and sends Muijo's team undercover into the M.L.S. instead... But it doesn't take long for Ark assassin Ghosmaster Joy to arrive. Then, after realizing that very night, that the Association has kept under lock and key!

Tielu

Impersonal spirit, marked on a station in the Magic Law Association for 400 years

Isaki

Forbidden magic law practitioner who made himself an enemy to others around the city, practitioner of magic in M.L.S. Tielu
